Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on Dec. 29, 2006 has been entered.

Status of claims

2. Claims 1-4, 6-10, 12-16 are pending. Claims 7, 8, 10, 12 and 13 are withdrawn from consideration.

Partial Claim Rejoinder

3. Claims 1-4, 6, 9 and 14-16 are allowable. The restriction requirement among species, as set forth in the Office action mailed on Dec. 9, 2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 7, directed to the "at least one recessed portion" further constituting two recessed portions is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim (e.g., claims 1 and 4). However, claims 8, 10, 12 and 13, directed to a species withdrawn from consideration because they do not require or include all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

4. Claims 1-4, 6, 7, 9, and 14-16 are allowed.

Comment

5. Applicant's comments, filed with the amendment, have been carefully considered. As regards the allowability of the claims with respect to the Prior Art, the examiner agrees. The examiner notes that claim 1, while being allowable, is not generic as amended, at least for the reason that it does not read on the Species III, as illustrated in figure 6.

Non-Rejoined Claims

6. This application is in condition for allowance except for the presence of claims 8, 10, 12 and 13 directed to an invention which remains non-elected (as discussed in the Rejoinder paragraphs above), with traverse, in the reply filed on Jan 6, 2006. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Conclusion

7. Any inquiry specifically concerning this communication or earlier communications from the examiner should be directed to F. Vanaman whose telephone number is 571-272-6701.
